

PRESS NOTE

TELANGANA STATE LEVEL POLICE RECRUITMENT BOARD DGP OFFICE COMPLEX, LAKDI-KA-PUL, HYDERABAD

Rc Nos. 39, 40, 41, 42, 45, 48 & 60 / Rect. / Admn-1 / 2022

Date: 2nd November 2022

The Process of receiving Online Part II Applications for the ongoing Recruitment is going on since 27th October 2022 and at present approximately 40,000 Applications (nearly 31,000 from Male candidates and 9,000 from Female Candidates) have already been received.

Clarifications on Certain Concerns of Not-Qualified Candidates

Meanwhile, certain Not-Qualified Candidates have been approaching the Recruitment Board requesting to recheck their results. In this regard, it would be pertinent to mention that each OMR Sheet Evaluation is based upon multiple OMR / ICR Scans (Typically, two Optical Mark Recognition Scans with two different thresholds and one Intelligent Character Recognition Scan) and each and every doubtful-bubble would have been individually checked and resolved by Expert Committees comprising of experienced Professors, Technical Experts and Representatives of the Recruitment Board. Telangana State Police Recruitment Board follows scrupulous methodologies with an objective to ensure Zero-Errors. Evidently, after due examination of 400+ such requests, not even a single discrepancy or error could be found. Therefore, Candidates can rest assured that the Result declared by the Board is absolutely accurate and a genuine reflection of their individual performance in the Written Test.

Further, it has come to our notice that **certain thoroughly false rumours are being spread in sections of social media that Candidates of the PC Level Preliminary Written Test held on 28th August 2022 should get nearly 22 marks by deleting 'Wrong Questions'**. Persons who are spreading such rumours seem to have some vested interests and they are at times basing their claims on some poorly-written guide-books and cyclo-styled / photocopied study material etc. In this regard, the Candidates are informed that the Telangana State Level Police Recruitment Board depends on Subject Committees comprising of highly experienced Professors / Teachers / Academics for each of the constituent Subjects of the Question Papers. Thus, **all the actions of the Board are closely guided by Subject-Experts of National / State repute during the Paper-Setting as well as while resolving the Key (Answers)**.

Preliminary Key was made available for the SI-Level PWT on 12th August 2022 and for the PC-Level PWT on 30th August 2022 on the official website: www.tslprb.in. Candidates were given opportunity to submit Objections on the Preliminary Keys. After resolving all such Objections and related issues by the Subject-Expert Committees, **the Final Keys arrived at were made available on 21st October, 2022 on our website. The Final Keys issued by the TSLPRB are correct and final and there shall not be any changes.**

Deadline for Submission of Part-II Application: 10 pm on 10th November 2022

As was already informed, the Part-II Applications will be received (online) precisely up to 10 pm on 10th November 2022 only and this deadline for submission of Applications is final. In view of the above, the Candidates are advised to not wait till the last day to fill their Applications and to complete the online formalities forthwith. It behooves to caution that if more Candidates try to fill their Applications in the last moment, they are likely to face server-performance related issues since each Candidate has to upload several relevant documents during filling up of Applications. Hence, it is highly advisable to fill the Applications, as early as possible in the remaining 1 week. Only those Candidates who fill the Part-II Application are eligible to participate in the Physical Measurement Test/ Physical Efficiency Test.
